
Reference Books - Trade Cards

Posted by Geoff - 2007/09/03 13:08

I have recently started collecting Kate Greenaway trade cards. Can anyone suggest some good reference books on her trade cards? :)

One book worth having as a reference is Printed Kate Greenaway A Catalogue Raisonne by Schuster and Engen. It has a section towards the end dedicated to trade cards (the section is approx 8 pages long).

Happy collecting !!
